

February 9, 2022

**MEMORANDUM TO: Toronto Region Hospitals, Toronto Region Education Institutions**  
**SUBJECT: Update on Research Opportunities at TAHSN hospitals and Medical Student & Resident Electives**

---

Please kindly note the following on research opportunities and electives:

**Research Opportunities (excluding MD Program curriculum research opportunities) at TAHSN hospitals**

Providing research opportunities (in-person and virtual) remain a key priority at the Toronto Academic Health Science Network. Please kindly note that acceptances for 2022 summer research opportunities (excluding MD Program CREMS program) are determined at the discretion of the individual TAHSN research institutes and the research preceptors.

For further questions about these opportunities, please contact the individual TAHSN research institute offering such opportunities.

**Undergraduate Medical Education: Medical Student Electives (National or International)**

There will be no medical student electives (includes visiting electives across Canada and International Visiting Electives) offered until January 2023 at the earliest.

**Post-Graduate Medical Education: Resident Electives**

Residents electives continue to run.

Sincerely,

***Ari Zaretsky***
